

 <b>MLF Experimental Report</b>	提出日 Date of Report
課題番号 Project No. 2013A0101 実験課題名 Title of experiment Development of cylindrical focusing super mirror for high special resolution of magnetic imaging 実験責任者名 Name of principal investigator Hirotooshi Hayashida 所属 Affiliation J-PARC Center	装置責任者 Name of responsible person Kenichi Oikawa 装置名 Name of Instrument/(BL No.) BL10 NOBORU 実施日 Date of Experiment 2013/05/22-2013/05/24

試料、実験方法、利用の結果得られた主なデータ、考察、結論等を、記述して下さい。(適宜、図表添付のこと)  
 Please report your samples, experimental method and results, discussion and conclusions. Please add figures and tables for better explanation.

1. 試料 Name of sample(s) and chemical formula, or compositions including physical form.
No samples were measured.

2. 実験方法及び結果 (実験がうまくいかなかった場合、その理由を記述してください。) Experimental method and results. If you failed to conduct experiment as planned, please describe reasons.
There are no results on this experiment because MLF stopped just before starting a sample measurement.

2. 実験方法及び結果(つづき) Experimental method and results (continued)
